

SaberJet™

One of a Kind

The patented SaberJet nozzle is a truly multi-purpose nozzle with the penetration of a solid bore tip and the safety of a fog pattern. The Single Shutoff SaberJet has a unique three position handle and ball to give you solid bore, fog or closed positions. The Dual Shutoff SaberJet allows you to flow both solid bore and fog stream at the same time. This one of a kind nozzle is ideal for multiple applications.

- The ultimate CAFS nozzle
- Versatile solid bore or adjustable fog pattern in a single nozzle
- Excellent stream performance at pressures as low as 50 psi
- Single or dual shutoff models available
- Easy to service and repair
- Total compliance with NFPA 1964

The SaberJet Nozzle employs the latest in firefighting nozzle technology. The Single Shutoff SaberJet is a truly multi-purpose nozzle with the penetration of a solid bore tip and the advantages of a fog pattern. The Single Shutoff SaberJet has a unique three position handle and ball to give you solid bore, fog or closed positions. The nozzle is capable of operating efficiently at pressures as low as 50 psi to reduce firefighter fatigue, or up to 100 psi for maximum flow. This versatile nozzle is well suited for multiple applications. If you are looking for a multi-purpose nozzle, look no further... SaberJet is your answer.

The patented SaberJet Nozzle employs the latest in firefighting nozzle technology. The Dual Shutoff SaberJet is our original multi-purpose nozzle with both solid bore penetration and fog stream capability. It also gives you the ability to flow both at the same time. The Dual Shutoff SaberJet can operate efficiently at pressures as low as 50 psi for reduced firefighter fatigue, or up to 100 psi for maximum flow. This versatile nozzle is well suited for multiple applications, making it a truly multi-purpose nozzle.
