

SceneStar™ LED Scene Light

ELSS-14DC and ELSS-19DC

The new LED High Power Scene Light has been engineered to provide industry leading levels of light output with consistency and reliability. The SceneStar will continue to provide overall illumination even at elevated operating temperatures through optimized thermal management. Solid-state electronics ensure a lifetime of peak performance.

Available in **19,000 lumen** and **14,000 lumen** (economical, outstanding light output)

- Streamlined aesthetics in a compact design
- No ultraviolet light to attract insects during nighttime operation
- Standard color is white; black optional (note: handles and heat sink always black)
- 5 year warranty
- Serviceable construction (Sustainable LED technology)
- CE and UL® ratings pending
- DC version available Summer 2011

SceneStar™

Mounting Options:

- Tripod
- Pole
- Portable
- Recessed
- Brow
- Fixed
- Under Aerial

No UV light, doesn't attract bugs

Designed for Long LED life (50,000+ hrs.)

Low heat

Rugged design to withstand all environments

Optimized heat sinks with protective cover

Engineered reflector for optimum light output

Instant On/Off

High impact, UV resistant handles & heat sink cover

Durable Powder Coated and anodized aluminum with stainless steel hardware

Shatter proof, hard coated polycarbonate lens
