

SEVERE DUTY MINING PRODUCTS

SWING OUT VALVE - STYLE # 8625 HEAVY DUTY

Severe Duty Swing Out Valve

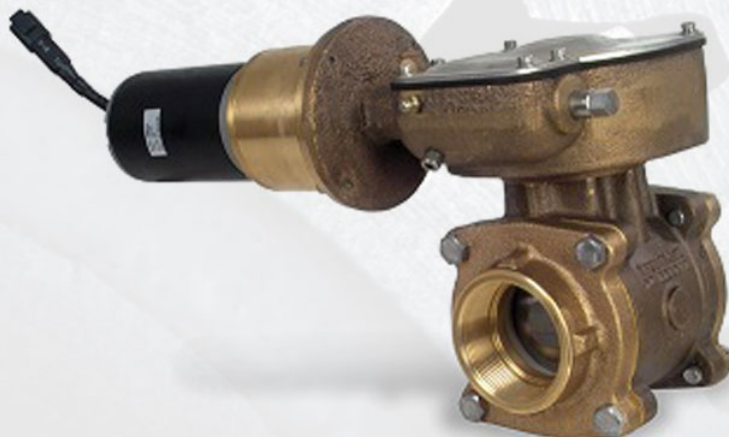

The Severe Duty Akron Brass Swing Out Valve is a non-locking heavy-duty valve with a stainless steel ball designed for the harsh realities of today's fire service when water contaminants challenge a valve's sealing capabilities.

This valve features the following:

- Non-locking valve
- Waterway 50mm (2")
- High quality brass body
- Improve sealing and increased gating ability
- No lubrication or regular maintenance required
- Design and tested to exceed NFPA requirements
- Flow optimization reduces turbulence while in the gated position and requires lower operating forces.

Length

75mm
