

CODE 3®

Code 3® Sprinter Siren

CODE 3®

- The Sprinter control head is ergonomically designed and easy to use, especially in 'quick-response' situations. The backlit control head allows the officer to easily select the light and siren functions.
- The pocket sized control head (same size as a smart phone) can be mounted easily where space is limited.
- The amplifier is also compact with a small footprint and low profile—also ideal where space is limited.
- The entire unit is solidly constructed with the amplifier and control head passing environmental EMC testing.
- The Sprinter also has increased cooling capabilities and power surge protection ensuring long life!

Design Features

Siren Capabilities:

- Full 100W Output and SAE Sound Pressure Tested/Certified
- Primary Tones: Wail, Yelp, Hi-Lo, Manual
- PA with Built-In Noise Cancelling Microphone with Integrated Volume Control
- Password Protected Volume and Programming Functions
- Programmable Siren Controls including Air Horn

Control Head:

- Vehicle Light Control Buttons
- Radio Rebroadcast
- Park Light Function
- Horn Ring Option
- Backlit Buttons with On/Off Intensity Change

Physical Design:

- Built-In 4 Point Screw Mounting System
- Internal REI Coated Control Head
- Externally Accessible 15A Fuse
- Control Head comes with Extension Cable
- Black Powder Coat Painted Aluminum Extrusion

Specifications

- Handheld Controller Dimensions:
L 93.98 mm x H 50.8 mm x D 16.51 mm
- Amplifier Dimensions:
L 193.04 mm x W 91.44 mm x H 50.8 mm
- Input Voltage 10–15VDC (negative ground)
- Input Current 10 Amps @ 13.6VDC
- Output Voltage Maximum 100W @ 12VDC
- Operating Temperature -30 °C to +65 °C
- Siren Weight (approx.): 1.8kg
- Controller Weight (approx.): 227g
- Compliance: SAE J1849, California Title 13
- 5 Year Warranty
