

COVEX

This New Generation Stabilisation system has been developed to stabilise in a quick and secure way.

The quick lock system makes it possible to adjust the strut quickly to any chosen length.

This gives an infinitely variable height setting, any position is possible!

- Infinite height adjustments
- 50% weight reduction in comparison to other currently available strut systems, with no stability compromise
- Special quick-lock system
- Manufactured from high quality aluminium
- Easier and faster to deploy
- Compact storage (retracted 1.15 / extended 1.94 metre)
- Pneumatic damping
- Good Value for money
- Can also be used as "support stand"
- Exchangeable head for multiple accessories
- Will be delivered with EKH certificate
- Suitable for 1500 kg load

Each set contains 2 legs
Weight each leg 8.9 kg
