Portable Fire Pumps

An Introduction

Tohatsu has been involved in manufacturing and distributing various types of machinery products with application of engines more than 70 years. Portable fire pump is one of their most successful products among their range. Unique combination of originally developed petrol engines, and pump body has brought excellent efficiency to emergency fire services, which have made them the leading manufacturer of portable fire pumps throughout the world.

Tohatsu offers comprehensive range of portable fire pumps to meet the demands of global fire services. Lightweight, compactness, and outstanding discharge volume are most essential factors for portable fire pumps. Excellent workmanship, combining of consistent R&D and advanced technology guarantee long durability, and reliable performance.

High Performance Four Stroke Pumps

VF21AS

Weight : 52 kg
Dimensions : L 480 x W 590 x H 560 mm
Flow Rate : 500 LPM at 0.6 MPa
250 LPM at 0.8 MPa

VF53AS

Weight : 101 kg
Dimensions : L 940 x W 760 x H 940 mm
Flow Rate : 1,200 LPM at 0.6 MPa
950 LPM at 0.8 MPa
700 LPM at 1.0 MPa

AUTHORISED DISTRIBUTOR - SALES AND SERVICE

High Performance Two Stroke Pumps

V20ES

Weight : 36 kg
Dimensions : L 790 x W 695 x H 650 mm
Flow Rate : 650 LPM at 0.5 MPa
400 LPM at 0.7 MPa

VC72AS

Weight : 85 kg
Dimensions : L 840 x W 760 x H 860 mm
Flow Rate : 1,700 LPM at 0.4 MPa
1,300 LPM at 0.8 MPa
950 LPM at 1.0 MPa

VE1500

Weight : 128 kg
Dimensions : L 920 x W 870 x H 940 mm
Flow Rate : 2,050 LPM at 0.6 MPa
1,800 LPM at 0.8 MPa
1,500 LPM at 1.0 MPa

INTRODUCING **THE ASPIS**

BINDER LIFT™

PATIENT LIFTING DEVICES

Ever been in a difficult situation with a patient/person who is unable to get up on their own without assistance? There is a good chance if you work in an Emergency Department, you would've faced the challenge some, if not many times before. A study had shown, close to 50% of paramedics will receive a back injury in their field of work, what's worse is that 25% never return to their job. **The Binder Lift** is here to help. It's design allows multiple lifters, 19-25 handles (depending on size), and 360 degree access to those handles.
