"Quality and Innovative Fire and Rescue Equipment" *Issue - 1*

Welcome to Cooeee!

The **e-Product Newsletter**
from **BRT Fire and Rescue Supplies**.

New Global Products Brands

BRT is proud to announce new distribution partnerships with several global quality manufacturers of Fire and Rescue equipment. **Fire-Dex, Cutters Edge, Lightmodule, Covex, P-Aqua, Vallfirest and Dragon Force Rescue Tools** are all new to the Australian market.

Recent additions to the **BRT** product portfolio include well known quality brands from manufacturers **Bullard, Streamlight and Taipan Footwear**.

He's Back

Russ Victorsen, founder and owner of BRT Fire and Rescue Supplies returned to the business as Managing Director in July 2012 after spending the past 10 years working for Akron Brass Company (USA) in the role of International Sales Development Manager. Russ can be contacted on 0408 911 119. Give him a call and say G'day!

Proven Quality Brands

Akron Brass Nozzles and Monitors, Solberg Foam, Mica Torches and Scotty Firefighter are all very familiar and trusted brands that have been sold by **BRT Fire and Rescue Supplies** for many years. It is fair to say that many customers are simply unaware of new technology product offerings and improvements by these manufacturers. **Cooeee will update you each month!**

New Website and Facebook

Our website is constantly being updated with product news, videos and information to keep customers up to date with all of the brands. Like us on Facebook via our homepage.

Product of the Month - Cutters Edge Rescue Saws

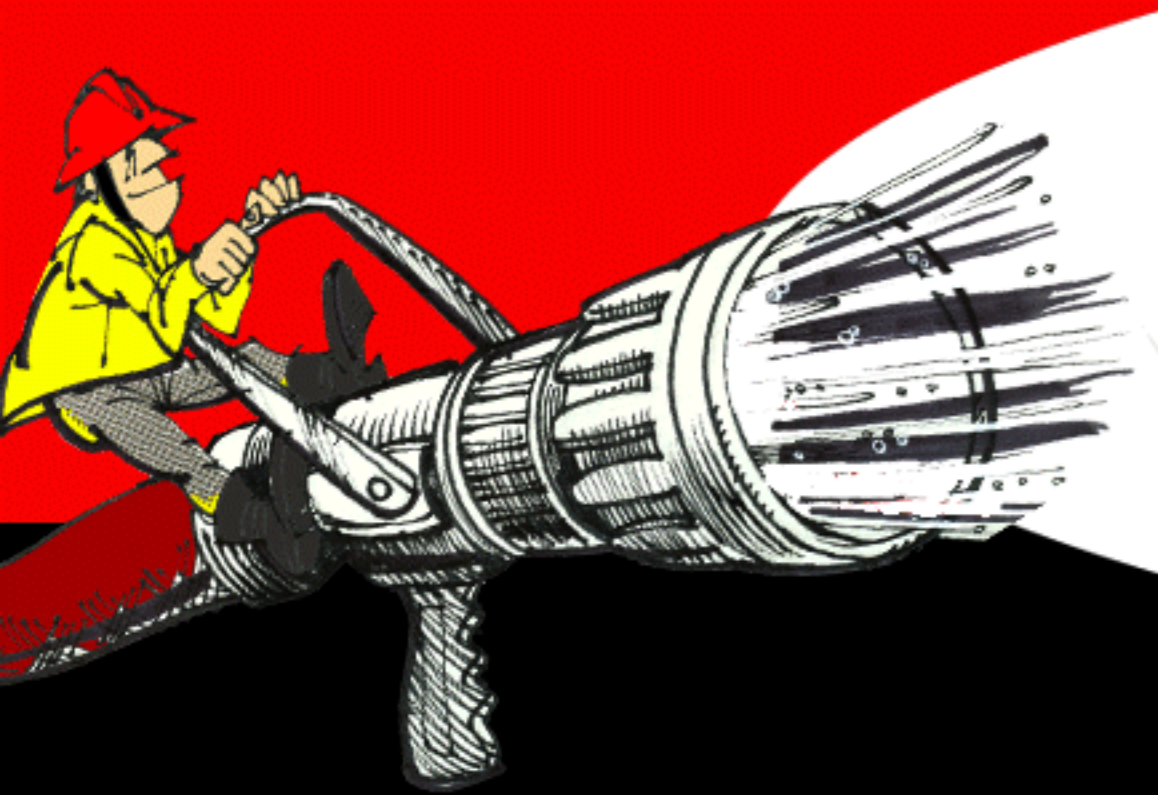

Cutters Edge MULTI-CUT® Fire Rescue Saw is the first of three MULTI-CUT® Saws featuring a new engine that delivers 10% more horsepower with higher torque.

Featuring the new BULLET® Chain. Bullet Chain cuts faster, lasts up to 20 times longer than standard chains and cuts a large variety of materials. The Bullet Chain is the only chain engineered and built specifically for Fire and Rescue cutting.

**Also available from Cutters Edge
Specialised Rotary Disc Cutters and Concrete Cutting Chainsaws**

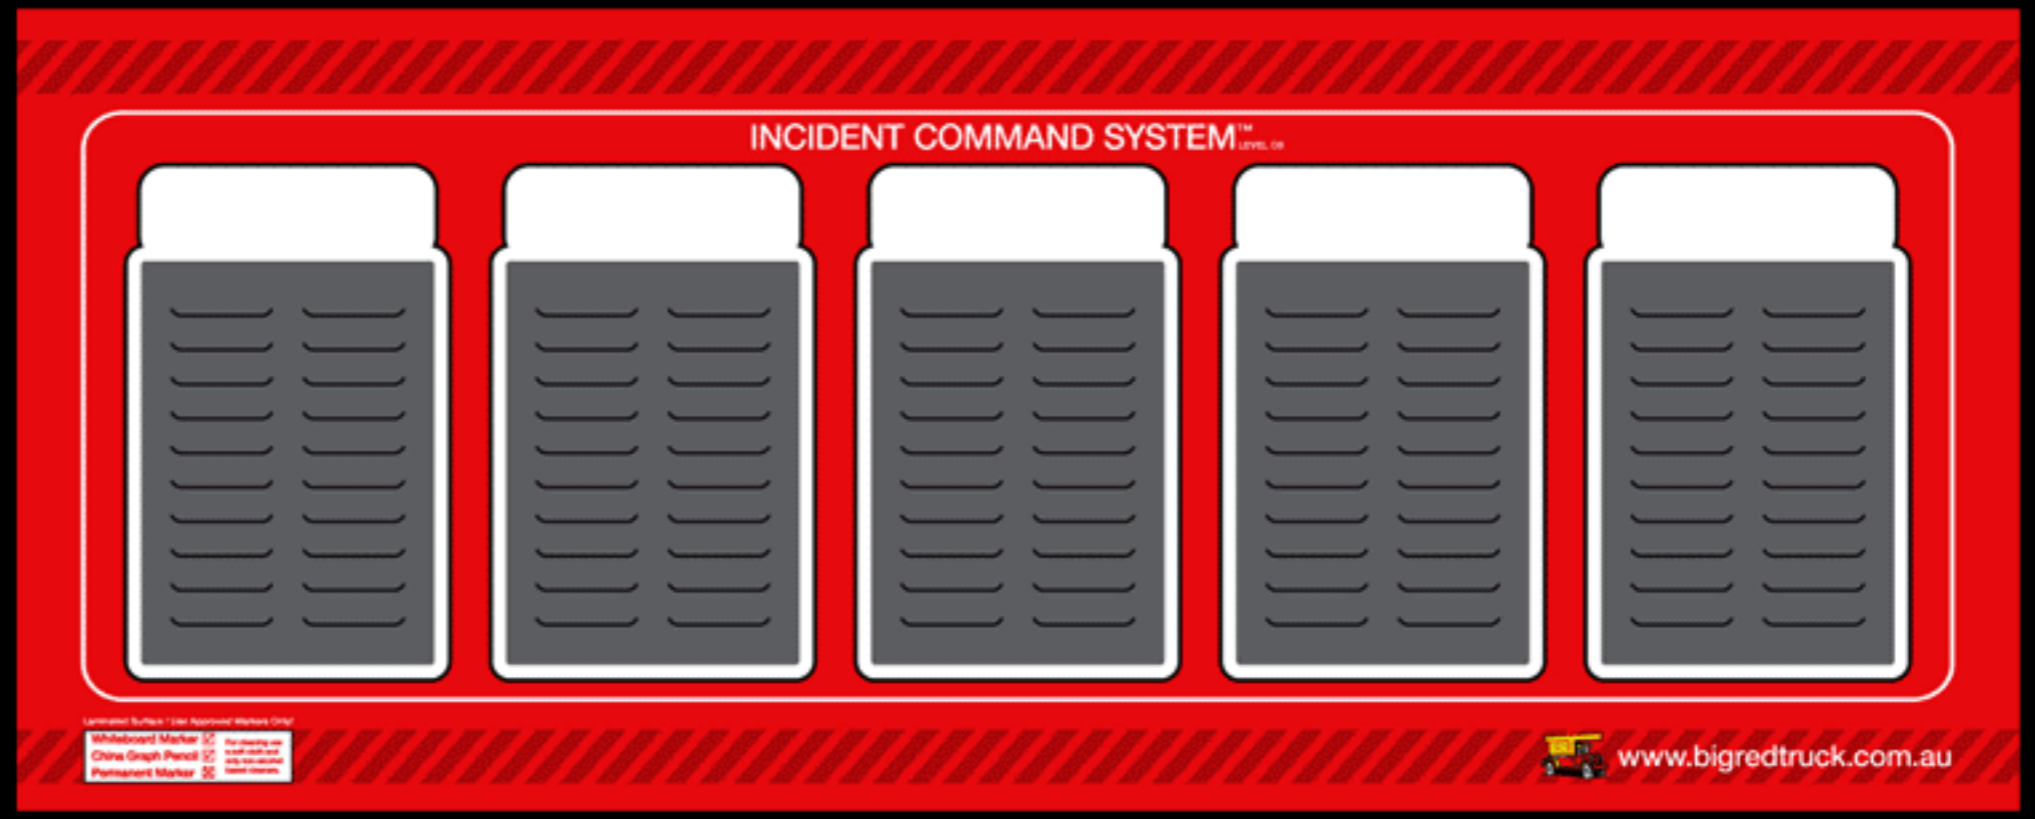

New to BRT

Incident Command Banners by Big Red Truck

ICS Banners allow incident co-ordinators to manage up to 160 T cards (D8). The banner material has been specially treated with a two stage lamination process suitable for white board or chinagraph pencils to be used. Each banner is supplied with a durable compact carry case and accessories for hanging.

COVEX

Covex Stabilisation is a new generation stabilisation system designed and developed to stabilise in a quick and secure way. The quick – lock system makes it possible to adjust the strut quickly to any chosen length. This gives an infinitely variable height setting and any position is possible. Each Covex Stabilisation system consists of two stabilisation struts and securing straps. Truck storage mounting brackets can be ordered separately.

Covex Kevlar Sharps Protection Kit is used to protect emergency workers and patients by covering sharp objects and jagged materials such as metals, glass and plastics during rescue operations such as motor vehicle accidents. Supplied in Fluro Yellow/Green.

New! AS/NZ 1801 Vallfirest Bush Fire / Rescue Helmet

BRT is excited to launch the new bushfire rescue helmet from Vallfirest. Manufactured in Europe, the VF2 is a lightweight protective helmet designed for specialised emergency service rescue operations including Bush/Wildfire-Fire Fighting, Vertical Rescue, Vehicle Extrication, and Urban Search and Rescue.

This new **Vallfirest VF2 Helmet** has a high strength polycarbonate shell offering superior protection and balanced lightweight comfort.

FLASH POINTS

FLASH POINTS

The new **Scotty Fire Fighter** Foam Check System is a portable electronic device that monitors "A" Class foam concentrations in real time and displays percentage readings.

Proven in surf and swift water conditions, **P Aqua** waterproof pouches provide 100% protection ensuring 2 way radios, mobile phones, tablets and GPS's remain safe, dry and operational.

Scene Star by **Akron Brass** produces 19,000 lumens of cool white light from 12 or 24 Volt vehicles or portable battery power sources. *Certified Aust A/C models arriving soon.*

Eclipse LD Thermal Imaging Cameras

Bullard's Eclipse LD Thermal Imaging Hand Held Camera is compact, lightweight and easy to use. Eclipse LD TIC provides firefighters and rescue personnel with key information in real time.

The Eclipse LD is small enough to carry in a cargo trouser pocket or can be held in one hand. The large screen display provides detailed and visible readings essential for detecting hotspots and thermal layering. *Watch the Bullard video at www.bigredtruck.com.au*
