"Quality and Innovative Fire and Rescue Equipment"

Issue - 4

## SES State Conference Edition

### In This Issue

- FoxFury Nomad
- Akron Scene Star
- Nightstick
- Mica Elektro
- Top Saw
- Robopak
- Pharobit
- Incident Command Systems
- Hotstick
- Lightmodule
- Rescue Light System

### THANK YOU!

Thank you to all the delegates who visited the BRT Fire and Rescue Supplies exhibit at last week's conference.

As promised, we have prepared this special edition of our "Cooeee" newsletter showcasing our quality and innovative rescue products on display over the weekend.

Many of you at the time requested further information; our sales team are presently working through these enquiries and will be in contact by email shortly.

Congratulations to our "Lucky Door" prize winners.

Lowry Boyd      Brisbane City Council SES Unit      Lightmodule LED Utility Light

Allan Pemberton      Charleville SES UNIT      Fox Fury Nomad "Now"  
Portable Scene Light

## Rescue LED Light System

**10,000 Lumens**

BRT has developed a solution to upgrade existing Rescue Lights with heavy duty LEDs. All LED light heads feature protected lens IP68, sealed electronics creating a superior low draw from a high output rugged work light.

The Big Red Truck 500w Halogen Rescue Light System is widely used by Emergency Services organizations across Australia. The Rescue Light System has a unique light head feature with vertical, horizontal and lateral adjustment options, designed specifically for fire and rescue applications.

The new LED upgrade kits allow the latest LED technology to be fitted to your existing light head framework eliminating the need for expensive vehicle retrofits of mounting brackets.

**LED5000 WIDE FLOOD**

**Mica Torch & Lightmodule Brackets Available**

## INCIDENT COMMAND - ICS Pro / LITE LEVEL C CASE

ICS Pro or ICS Lite hard case offer a total solution for Incident Command in one small and tough purpose made unit. Providing a quick solution that can be easily deployed and used within seconds. The ICS Pro features a single fixed whiteboard in the lid and a removable twin/double sided whiteboard. ICS Lite features a single fixed whiteboard in the lid and one fixed double sided whiteboard. Both models include microphone clips, radio/drink holders and portable stationery boards

- 12 Volt LED Light (2day burn time)
- Reinforced base for stability and strength
- Built-in tripod mount on base
- Designed for use on multiple surfaces or mounting on tripod

### **New Optional Accessories**

- IPAD Mounting Bracket
- Iphone / Smart phone bracket

## Nomad NOW 12° Spotlight - 120° Area Light

Foxury Nomad NOW is a portable LED Area Spot-Light only measuring 22cm in height and 1.9kg in weight, making this the most portable 2500 lumen area light on today's market. The Nomad NOW can also be mounted to a tripod using a generic camera thread at the bottom of the device.

### Features:

4 x White LEDs

Diffuser lens to switch from Area to Spot

Light head can rotate + or - 45°

AC or DC charge / drive

Battery life indicator

2,500 Lumens - High

850 Lumens - Med

400 Lumens - Low

Rechargeable Li-ion

Battery Life 3 - 24 hrs

Full Recharge in 4 hrs

### Available in three models:

- Nomad Now Standard
- Nomad Now with Remote Single Unit Activation
- Nomad Now with Remote Multi-Unit Activation

Magnet Mount System

Tripod Mountable

Utility Mount System

Optional Remote Fob

## BT2 and BT3 Right Angle Torches Battery or Rechargeable

FoxFury right angle torches are available with either a 200 lumen 2° focused beam designed to cut through smoke, or a high performance 600 lumen 3° beam, suitable for smoke cutting and long range. Both models use CREE LEDs, are fire resistant, waterproof, impact resistant and include a door wedge.

# Nomad Scene Lights

The FoxFury Nomad range is ultimate solution for LED scene lighting. With a variety of uses such as accident and crime scenes, perimeter lighting, command post, on scene size up, forensic photography and night photography.

The FoxFury Nomad Prime, 360° and Transformer can be set up within 20 seconds and stows as a one meter tube which fits in the trunk of a vehicle or firetruck.

## Hot Stick AC Voltage Detector

**DETECT**

**LOCATE**

**ISOLATE**

**GO HOME SAFE**

The **AC HotStick** is a safety device designed for professional rescuers which provides warning of exposed high voltage AC from a safe distance.

The AC HotStick will give early audible ("beeping") and visual (flashing LED) warning of the presence of dangerous voltages without the need to contact the surface carrying the current. The closer the user comes to the source of the voltage, the more rapidly the unit beeps and flashes.

Would you like a single battery system that will run all your DC tools, lights and equipment with more reliability and extreme run times? With advanced battery technology, a single Robopak can provide alternative voltage needs, powering an infinite number of different brand tools.

**PERFECT PORTABLE POWER**

## Robopak - Extend Cordless Tool Run by 6 to 10 Times!

### Robopak 'XL-9210'

The Robopak 'XL-9210' is a single battery system that will run all your DC power tools with voltage requirements of 6v to 28v. Robopak can recharge at any point of discharge without memory problems.

- Can remain on constant charge.

#### Suitable for:

- Milwaukee
- DeWalt
- Hilti
- Bosch
- Makita
- Holmatro
- Akron Brass
- Scene Star

**Size:** 10kg

L 27cm x W 25cm x D 17.5cm

### Robopak '12v Deluxe Pro'

The Robopak '12v Deluxe Pro' is a very powerful portable battery at 33 amp/hr @ 12v and incorporates a state of the art battery warning and shut down circuitry. This model is designed to protect valuable instruments and equipment from damaging low voltage conditions.

- Robopak cannot be over overcharged.

#### Featuring Dual Input:

- Marine 12v Female Cig 12A
- Marine Heavy Duty Locking Port 20A

**Size:** 13.6kg

L 27cm x W 25cm x D 17.5cm

## Lightmodule LMPRO LED Flare

Applications in which the LMPRO can be used include road blocks, crash scenes, vehicle extrication, required work light operations.

The Lightmodule PRO (LMPRO) range consists of three models:-

- **Flare = 3 light patterns**
  - (Available in single colours or Red / Blue)
- **2-in-1 = Flare + White Area Light**
- **3-in-1 = Flare + White Area Light + Torch**

Safety of both operator and equipment are two of the most important aspects to consider when searching for an emergency portable lighting solution.

**NiMH Battery- up to 1000 Recharge Cycles**

**30km  
Air to  
Ground**

### Dimensions

Weight	0.72kg	25.6oz
Length	230mm	9 inches
Light Head Weight	75mm	3 inches
Light Head Depth	58mm	2 1/4 inches
Battery Weight	0.33kg	11.64oz

- 360° Light • Up to 16 hours light per charge • Land up to 8kms • Water Resistant
- Road Flare • Area Light • Strobe • Torch • Traffic Wand • SOS Signal • Warning Beacon

## Mica Elektro LED Product Range

Mica Elektro LED Torches are acknowledged as the leading brand in the market in terms of durability and technology for emergency services. MICA have released three new models featuring High-Power LED's with incredible brightness and up to 24 hours of burn time.

### Featuring

- Long lasting LED's
- Burn times up to 24 hours
- Improved smart charging
- NiMH batteries
- CREE LED's
- Proven reliability and performance.

### New Models Available

- Mica IL-60 LED
- Mica IL-600
- Mica IL-6000
- Mica ML-800 ATEX LED
