"Quality and Innovative Fire and Rescue Equipment"

Issue - 5

In This Issue

- Davey Firefighter Pump
- Britax Micro-Mini Light
- Fire Rescue Saws
- Waterproof Cases
- Chocks and Blocks
- Extrication Gloves
- Portable LED Flares
- Scotty Safety Whistle
- Swift Water Rope Bag
- FoxFury BT2 Torch
- AC Detector
- Portable Power Packs
- Hose and Ladder Strap

Congratulations Team Cairns RCR at World Rescue Challenge

TEAM CAIRNS
road crash rescue

After being crowned Australasian Champions 'Team Cairns' have recently represented Australia at the World Road Crash Rescue Challenge in Florida USA. 'Team Cairns' managed 3rd place in Technical Rescue and 9th place overall.

'Great effort Team Cairns!!'

BRT Fire and Rescue Supplies**

DAVEY FLOODFIGHTER

The Davey Floodfighter 'G8016' is a rugged, economical open impeller self priming pump, powered by a Honda overhead valve GX200 6.5hp petrol engine.

Operating Limits:

- Max flow to 1000lpm
- Max total Pressure 313kPa
- Max suction lift 7m
- Max water temp 50°C
- Min water temp 1°C
- Inlet 3" BSP • Outlet 3" BSP

Applications:

- Basement pump-out
- Tank filling • Water transfer

DAVEY

Experts in water.

Select the right pump for your property

PRESSURE ↑	Extra High Pressure Over 686 kPa	Firefighter Twin Stage (16 models)		
	High Pressure 294 to 686 kPa	Firefighter Single Stage (13 models)		
	Medium Pressure Less than 294 kPa		Floodfighter (4 models)	
		Medium Flow up to 350 lpm	High Flow up to 500 lpm	Extra High Flow up to 1000 lpm
		FLOW →		

Davey Firefighter Pump
Twin Stage - 3 Way Outlet

Davey Firefighter Pump
Single Stage - 4 Way Outlet

NEW PRODUCT

Forestry and Parks Vehicle Lighting

New Micro-Mini Bar Magnetic Green / Amber

Green and Amber combinations are ideal for forestry and park vehicle applications, due to the superior visibility of green LEDs penetration through smoke and fog.

The Micro-Bar is the lowest profile 'Mini-Bar' on the market today. The compact size allows easy storage in all vehicles. The Micro-Bar provides 360° output and exceeds SAE Class 1 standards. This Micro-Bar is ideal for trucks, utility and construction vehicles, police and motorcycles.

Britax
Automotive Equipment

- Features a permanent base or magnetic base for fast deployment.
- Available in a wide range of colours
- Multi-voltage 12-24v
- Size - W 248mm x H 37mm x D 172mm

Multi-Cut Fire Rescue Saw

Cutters Edge Bullet Chain - will cut most common building materials!

Cutters Edge MULTI-CUT Fire Rescue Saws are engineered and built specifically for the Fire Rescue Service with reliable high performance. Featuring the new 'tool-less' Guard/Depth gauge design, allowing fast and easy adjustment with removal in seconds...even with gloves on!

- Timber • Sheet metal • Light steel
 - Stainless Steel Security Mesh
 - Bullet proof glass
 - Masonary • Fibreglass
 - Composite aluminium panels
- * Bar lengths - 12", 16", 20", 24"

Cutters Edge
ISO-9001 Certified
FIRE RESCUE SAWS

Waterproof Pouches

PAQUA

The PAQUA range feature clear surfaces, ideal for using mobile, GPS, I-POD, UHF and other electronic items whilst in/around water. Based on the popular PAQUA original design, you get additional functionality with the clear face, without compromising waterproofness and ruggedness.

Keep your goods dry wherever you are

Extrication Glove with Porelle Protection!

\$38.50

The 'FireCraft FX-90' extrication glove is the first to combine Porelle® Liquid Penetration Protection with the Spectra® Level-4 Cut Resistance.

- Porelle moisture barriers provide the same unmatched protection from water, blood-borne pathogens and chemicals as certified in NFPA-compliant fire gloves.
- Spectra is pound for pound 15 times stronger than steel and has a specific strength that is 40% greater than aramid fibre. Spectra is exclusively used in body armor and now in the FireCraft FX-90.

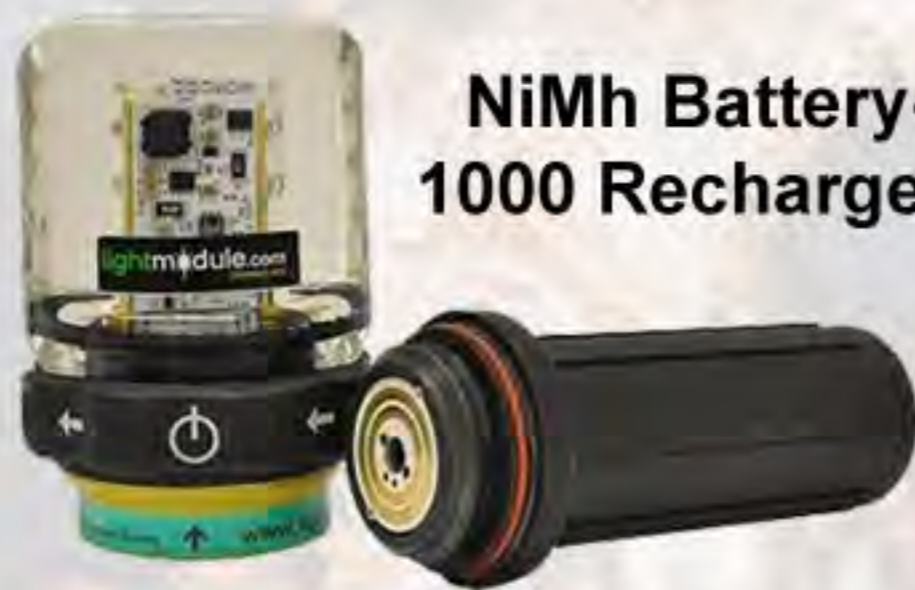

Lightmodule LMPRO LED Flare

Applications in which the LMPRO can be used include road blocks, crash scenes, vehicle extrication, required work light operations.

The Lightmodule PRO (LMPRO) range consists of three models:-

- **Flare = 3 light patterns**
 - (Available in single colours or Red / Blue)
- **2-in-1 = Flare + White Area Light**
- **3-in-1 = Flare + White Area Light + Torch**

Safety of both operator and equipment are two of the most important aspects to consider when searching for an emergency portable lighting solution.

NiMh Battery- up to 1000 Recharge Cycles

**30km
Air to
Ground**

Dimensions

Weight	0.72kg	25.6oz
Length	230mm	9 inches
Light Head Weight	75mm	3 inches
Light Head Depth	58mm	2 1/4 inches
Battery Weight	0.33kg	11.64oz

- 360° Light • Up to 16 hours light per charge • Land up to 8kms • Water Resistant
- Road Flare • Area Light • Strobe • Torch • Traffic Wand • SOS Signal • Warning Beacon

Scotty
FIREFIGHTER

Scotty Safety Whistle

- Made from ABS plastic
- Double chamber
- Multiple pitches
- Works when wet
- Synthetic peas wont absorb moisture

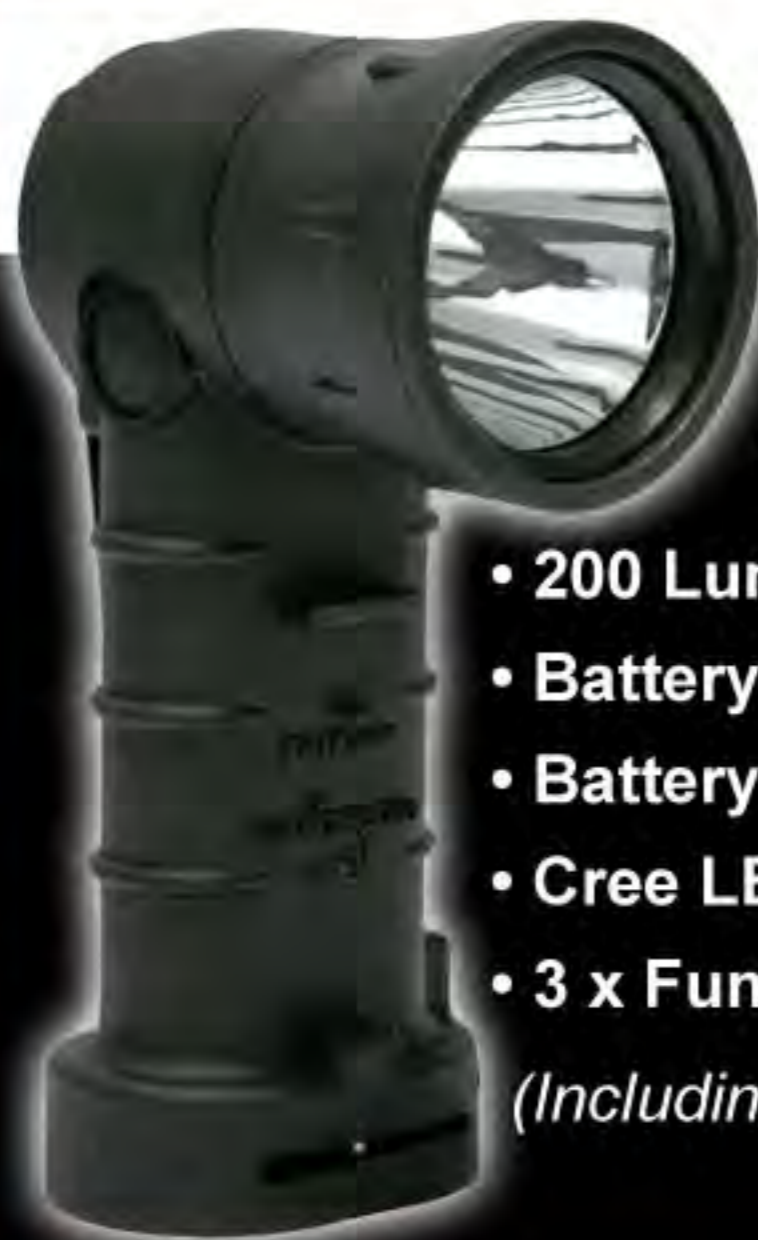

Scotty Swift Water Rope Bag

- Nylon / Polyester self draining bag
- 3M reflective safety band
- Test Rated floating rope
- 15m x 7mm 250kg test rated

2° CUT SMOKE BEAM

Specifications

- 200 Lumens
- Battery Life 3-6hrs
- Battery Type 4AA
- Cree LED
- 3 x Function Modes
(Including Strobe Function)

FOX FURY
LIGHTING SOLUTIONS

Featuring FoxFury's smoke piercing SMO-KUT technology the 200 lumen torch BT2 offers a focused two degree beam, which makes it very effective at cutting through smoke.

The BT2 has been designed with a more focused beam than other torches to allow it to shine further and perform better.

Also featuring an extra thick body to better resist fire / heat, the BT2 is an invaluable lighting tool for fire fighting, rescue, military and police operations.

Hot Stick AC Voltage Detector

DETECT

LOCATE

ISOLATE

GO HOME SAFE

The **AC HotStick** is a safety device designed for professional rescuers which provides warning of exposed high voltage AC from a safe distance.

The AC HotStick will give early audible ("beeping") and visual (flashing LED) warning of the presence of dangerous voltages without the need to contact the surface carrying the current. The closer the user comes to the source of the voltage, the more rapidly the unit beeps and flashes.

PERFECT PORTABLE POWER

Robopak - Extend Cordless Tool Run by 6 to 10 Times!

Robopak 'XL-9210'

The Robopak 'XL-9210' is a single battery system that will run all your DC power tools with voltage requirements of 6v to 28v. Robopak can recharge at any point of discharge without memory problems.

- Can remain on constant charge.

Suitable for:

- Milwaukee
- DeWalt
- Hilti
- Bosch
- Makita
- Holmatro
- Akron Brass Scene Star

Size: 10kg

L 27cm x W 25cm x D 17.5cm

Robopak '12v Deluxe Pro'

The Robopak '12v Deluxe Pro' is a very powerful portable battery at 33 amp/hr @ 12v and incorporates a state of the art battery warning and shut down circuitry. This model is designed to protect valuable instruments and equipment from damaging low voltage conditions.

- Robopak cannot be over overcharged.

Featuring Dual Input:

- Marine 12v Female Cig 12A
- Marine Heavy Duty Locking Port 20A

Size: 13.6kg

L 27cm x W 25cm x D 17.5cm

AKRON BRASS Hose and Ladder Strap

- Secures up to 75mm hose on ladders and fire escapes
- Aids in the handling of fire hose
- Anodized aluminium fittings with 25mm wide, nylon webbing
- Fits ladder rungs up to 50mm (Outside Diameter)
