Tactical Fire Light - Non-Rechargeable

| | |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| MARKET APPLICATIONS | Fire and Emergency Rescue |
| DESCRIPTION | This compact non-rechargeable polymer tactical fire light uses a CREE® LED rated at 180 lumens that works in conjunction with a high-efficiency deep parabolic reflector to create a usable beam rated at 190 meters. The tail-cap switch provides momentary or constant-on functionality. The 1" handle diameter allows it to be paired with most 3rd party helmet mounts for use by Fire and Emergency personnel. Power comes from a pair of included CR-123 Lithium batteries. |
| CASE MATERIAL | Glass-filled Nylon Polymer - Red |
| DIMENSIONS | Length: 5.5 inches (140 mm) • Handle diameter: 1.035 inches (26 mm) • Head diameter: 1.25 inches (32 mm) |
| WEIGHT | Weight: 4.4 oz. (124 g) with battery installed. |
| LENS | Unbreakable polycarbonate with scratch resistant coating. |
| LIGHT SOURCE | Cree® LED. Impervious to shock with a 50,000 hour lifetime. |
| LIGHT OUTPUT | Flashlight - 180 lumens |
| ON/OFF | Single Tail Cap Switch - Momentary or Constant-on Flashlight |
| RUN-TIME | Flashlight - 3 hours |
| BATTERY | 2 CR-123 Lithium Batteries (included) |
| FEATURES | <ul style="list-style-type: none"> • CREE® LED technology – 50,000+ hours LED • Momentary or constant-on flashlight • Sharp focused flashlight beam for distance illumination • Glass-filled nylon polymer housing • Aircraft-grade 6061-T6 aluminum tail-cap with type 3 hard anodized finish • Resistant to high temperatures • Non-slip grip • Large textured tail-switch • 1" Handle diameter fits most 3rd party helmet mounts • 1.25" Head diameter accepts 3rd party filters • Waterproof • Impact & chemical resistant • Powered by two CR-123 batteries (included) • Removable pocket clip |
| WARRANTY | Limited Lifetime Warranty • Lifetime on LED, housing, lens and switches. Excludes batteries as well as normal wear and abuse. |
| APPROVALS |  |
| OPTIONAL ACCESSORIES | Side Switch, Remote Pressure Switch, Red or Yellow Safety Cones, and Holsters |

Designed in USA, manufactured in China at a ISO-9001 certified Bayco facility.
