

## Vallfirest 1 Litre Compact Drip Torch

"The Vallfirest 1 Litre Compact Drip Torch is designed to accomplish fast manoeuvres with technical fire in forest fires extinction. Ideal for heli-transport brigades due to its reduced size and ideal for command and analysis rescue vehicles. The appropriate tool to accomplish indirect assault manoeuvres: backfire, escape fires, auto protection fires and fire breaks.

COMPACT DRIP TORCH is a deposit for fuel transportation. It presents different systems of safety with an anti-return valve located in the interior of the stopper and a valve in the wealth regulator. The asymmetrical stopper of double coil is the element that provides this compaction.

**NEW  
VALVE**

The compact drip torch is a great tool in terms of operability, transportation and potential of performances as opposed to systems such as burners or otherwise.

**Weight - 1.2kg**
