

VALLFIREST FORESTRY / BUSHFIRE SMOKE MASK

This Vallfirest bushfire smoke mask protects the face from radiation burns and helps to reduce smoke and ash particle inhalation. This smoke mask incorporates a P2 Carbon Filter inserted into a filter pocket which can be replaced. This smoke mask is of activated carbon and is equipped with exhalation valve and high-visibility reflective strips throughout the garment. It can be adapted to your head or neck.

Features:

- *Materials: Double-layer NOMEX*
- *Grammage: 260 g/m²*
- *Adaptable to the neck or the head.*
- *Stand for adjusting it to the nose.*
- *Can be complemented with a filter mask for solid particles or toxic gas.*
- *Stand System for its use with the Vallfirest Three-quarter-length jacket.*
- *Reflecting stripes.*
- *Complies to UNE340, UNE 531, ISO13301, ISO 15001 standards.*
- *Removable Filter*
